CONTENTS OF VOLUME 2 – SUPPLEMENTARY INFORMATION – Basis of Presentation

(a) Schedule of Public Sector Compensation Payments of $50,000 or More

(i) This schedule lists employees of Government Departments and of the Special Operating Agencies who received compensation of $50,000 or more, including benefits and severance payments, during the fiscal year. Amounts reported are calculated in accordance with The Public Sector Compensation Disclosure Act, which is chapter P265 of the Continuing Consolidation of the Statutes of Manitoba. This Act requires the inclusion of payments and other exceptional benefits not provided to the majority of employees. The amounts therefore do not include payments made or benefits accrued in relation to pension plans.

(ii) The primary payroll system used by the Government also provides payroll services to certain Government organizations.

a. When employees of Government Departments are seconded to these organizations using the payroll system to transfer the costs, their compensation is included in the report of the organization to which they were seconded.

b. When employees of these organizations are seconded to Government Departments using the payroll system to transfer the costs, their compensation is included in the report of the Department to which they were seconded.

(iii) This report also includes compensation paid to provincial employees who have been seconded to external employers whose employees are not paid through the Government's primary payroll system, whether or not their compensation is recovered from those external employers. However, it does not include the compensation of employees of external organizations seconded to Government Departments who are paid by that other organization whether or not their compensation is recovered from the applicable Government Departments.

(iv) Employees are listed under the Department or Special Operating Agency that is indicated as the source of funds for the employee's position as at March 31st even though the employee may have been located under other Department(s) and/or location(s) during the year.

(b) Statement of Payments to Corporations, Firms, Individuals, Other Governments and Government Agencies

(i) This statement lists, in alphabetical order within Department or Special Operating Agency, each payee whose total payments by that individual department or special operating agency exceeded $5,000 during the fiscal year. Payments are presented on a gross basis to show all amounts which were charged to the 2013-2014 fiscal period for the purchase of goods and services, investment and loan transactions, grant payments and refunds as well as payments from amounts held in trust on behalf of others.

(ii) This statement also lists, in alphabetical order within department, vendors from whom departmental purchases, using the National Bank of Canada procurement cards, are equal to or exceeding $2,500 during the fiscal year.

(iii) Payments in other currencies are shown in the Canadian dollar equivalent at the time of payment.

(iv) The location of the payee is shown except where payment was made to an address in Winnipeg.

INDEPENDENT AUDITOR'S REPORT

To the Legislative Assembly of the Province of Manitoba

We have audited the accompanying Schedule of Public Sector Compensation Payments of $50,000 or More of the Province of Manitoba for the year ended March 31, 2014 ("the schedule"). The schedule has been prepared by management based on section 2 of the *Public Sector Compensation Disclosure Act*.

Management's Responsibility for the Schedule
Management is responsible for the preparation of this schedule in accordance with the *Public Sector Compensation Disclosure Act* and for such internal control as management determines is necessary to enable the preparation of the schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial information in the Schedule of Public Sector Compensation Payments of $50,000 or More of the Province of Manitoba for the year ended March 31, 2014 is prepared, in all material respects, in accordance with section 2 of the *Public Sector Compensation Disclosure Act*.

Basis of Accounting
Without modifying our opinion, we draw attention to notes to the statement, which describe the basis of accounting. The statement is prepared to assist the entity to meet the requirements of section 2 of the *Public Sector Compensation Disclosure Act*. As a result, the statement may not be suitable for another purpose.

BASIS OF PRESENTATION

1. This schedule lists employees of Government Departments and of the Special Operating Agencies, who received compensation of $50,000 or more, including benefits and severance payments, during the fiscal year. Amounts reported are calculated in accordance with The Public Sector Compensation Disclosure Act, which is chapter P265 of the Continuing Consolidation of the Statutes of Manitoba. This Act requires the inclusion of payments and other exceptional benefits not provided to the majority of employees. The amounts therefore do not include payments made or benefits accrued in relation to pension plans.

2. The primary payroll system used by the Government also provides payroll services to certain Government organizations.
   a. When employees of Government Departments are seconded to these organizations using the payroll system to transfer the costs, their compensation is included in the report of the organization to which they were seconded.
   b. When employees of these organizations are seconded to Government Departments using the payroll system to transfer the costs, their compensation is included in the report of the Department to which they were seconded.

3. This report also includes compensation paid to provincial employees who have been seconded to external employers whose employees are not paid through the Government's primary payroll system, whether or not their compensation is recovered from those external employers. However, it does not include the compensation of employees of external organizations seconded to Government Departments who are paid by that other organization whether or not their compensation is recovered from the applicable Government Departments.

4. Employees are listed under the Department or Special Operating Agency that is indicated as the source of funds for the employee's position as at March 31st even though the employee may have been located under other Department(s) and/or location(s) during the year.
